BREEDING SOUNDNESS & SEMEN EVALUATION

Our sale bulls go through a vigorous evaluation and culling process from birth to sale day. The list of steps include:

- A minimum of (5) five different culls from weaning through sale day.
- Scrotal evaluation and internal physical evaluation at 12-14 months of age.
- Scrotal evaluation, measurement and internal physical evaluation 10-14 days prior to sale day.
- Actual weights prior to sale day.

Many of our bulls won't be turned out with cows till June/July and therefore we feel performing an actual semen test that far in advance of breeding wouldn't be adequate. All bulls sell with a guarantee to pass a semen test prior to delivery and once we know when you want your bull delivered we will schedule the semen test and deliver a bull with a fresh semen evaluation.

Feel free to contact either Blake - 306-528-7484, Levi - 306-537-9251 or Kevin - 306-365-7922 if you have any questions.

BLAIRS.AG CATTLE COMPANY

Covid-19 Strategy

We are committed to a safe environment for our Bull Sale, therefore we will be adhering to all Provincial regulations in terms of sanitizing, mandatory masks, social distancing, and the number of people attending in person.

We encourage viewing of the sale offerings in the days leading up to the Feb 2nd sale date. If it is possible, we would appreciate it if you could let us know in advance if you are planning to attend the sale in person.

We are proud to have a great team involved in our Pursuit of Excellence 2021 Bull Sale. Please feel free to reach out to any of the people listed below and they will help with your purchases and ensure you get the bulls that meet your needs.

- Blake MacMillan 306-528-7484
